

Policy Summary & Key Facts

For UK Local policies

Disclaimer	This document summarises key benefits and the most significant or unusual exclusions of Cigna's Global Health Options plans. However, a summary cannot fully describe all of the terms, conditions and exclusions and you must read the full Policy Rules including the General Exclusions, and the Customer Guide which contains the List of Benefits, and claiming information. It is also very important that you read the list of special exclusions attached to your Certificate of insurance, since these are likely to be of particular significance to you.
Insurer	The insurance will be provided by Cigna Life Insurance Company of Europe S.A.-N.V 52 Avenue de Cortenbergh 1000 Brussels Belgium The insurer's headquarters are in Brussels. The insurance is administered by Cigna European Services (UK) Limited.
Type of insurance and cover	The policy is for individual private medical insurance, for UK policyholders only. It covers certain costs of medically necessary treatment and certain services related to that treatment, as shown in the List of Benefits. A summary of benefits is set out at the end of this document.
Duration of cover and procedure for renewal	The policy duration is one year, effective from the policy start date, which will be shown on your Certificate of insurance. If you renew your policy, you may need to review and update your cover to ensure that it remains adequate.
Termination and cancellation	Cover will end if: • you do not pay your full premium on time; or • we give you 14 days' notice that the policy is to end; or • it becomes unlawful for us to provide any of the cover available under this policy; or • any beneficiary is identified on any trade sanctions listings; or • you have given dishonest or incomplete answers or have failed to take any care to answer honestly and fully. Please read through the policy carefully. If it has not been issued in accordance with your intention, return the policy to us for alteration or cancellation within 14 days from the date of issue.

Your obligations	• You must take reasonable care to answer all questions in your application honestly and fully. This is important to enable us to calculate the appropriate premium and tailor your insurance cover to your personal situation. Careless misrepresentation could result in us reducing the amount of any claims proportionately; whereas deliberate or reckless misrepresentation could result in us rejecting claims, and/or cancelling cover. • You are obliged to pay your premium on time. • You are obliged to abide by the rest of the terms and conditions in your Policy Rules.
Premium	Premiums can be paid in the following ways: • Annually by electronic funds transfer • Monthly, quarterly or annually by credit or debit card Your premiums, and details of how you have chosen to pay, are stated on your certificate of insurance.
Claim deductibles and benefit limits	There may be a deductible payment applicable to this plan. Please refer to your Certificate of insurance for full details of any deductible that applies. The deductible is payable for each person covered under the policy. Benefits are subject to limits and the patient is responsible for paying any expenses above the limits. The amount of the deductible is stated on your Certificate of insurance, and the benefit limits are stated in the List of Benefits within the Customer Guide. Deductible (various) A deductible is a portion of a claim or claims that is not covered by your plan. So, for example if you choose a deductible of £500 for International Medical Insurance, you'll need to pay the first £500 of a covered claim or covered claims in any period of cover. If a deductible is chosen, you would only have to pay this once during any period of cover irrespective of the number of claims. The higher the deductible you apply, the lower your premium will be. The deductible is payable by each person covered by the policy. Cost share (after deductible) A cost share is the portion, specified as a percentage, of each claim that is not covered by your plan. The out of pocket maximum is the maximum amount you will need to pay in cost share in a period of cover. For example, if you select a cost share of 20% and an out of pocket maximum of \$2,000, you will need to pay the first 20% of each covered claim, up to a maximum of \$2,000 per period of cover. Please refer to your Customer Guide for more information about how deductibles, cost shares and out of pocket maximums work and the limits you can select.
